

My COPD Action Plan

Patients and healthcare providers should complete this action plan together. This plan should be discussed at each visit and updated as needed.

The green, yellow and red zones show symptoms of COPD. The list of symptoms is not complete. You may experience other symptoms. In the "Actions" column, your healthcare provider will recommend actions for you to take. Your healthcare provider may write down other actions in addition to those listed here.

Green Zone: I am doing well today	Actions
 Usual activity and exercise level Usual amounts of cough and phlegm/mucus Sleep well at night Appetite is good 	Take daily medicines Use oxygen as prescribed Continue regular exercise/diet plan Avoid tobacco product use and other inhaled irritants
Yellow Zone: I am having a bad day or a COPD flare	Actions
 More breathless than usual I have less energy for my daily activities Increased or thicker phlegm/mucus Using quick relief inhaler/nebulizer more often More swelling in ankles More coughing than usual I feel like I have a "chest cold" Poor sleep and my symptoms woke me up My appetite is not good My medicine is not helping 	Continue daily medication Use quick relief inhaler every hours Start an oral corticosteroid (specify name, dose, and duration) Start an antibiotic (specify name, dose, and duration) Use oxygen as prescribed Get plenty of rest Use pursed lip breathing Avoid secondhand smoke, e-cigarette aerosol, and other inhaled irritants Call provider immediately if symptoms do not improve
Red Zone: I need urgent medical care	Actions
 Severe shortness of breath even at rest Not able to do any activity because of breathing Not able to sleep because of breathing Fever or shaking chills Feeling confused or very drowsy Chest pains Coughing up blood 	Call 911 or seek medical care immediately While getting help, immediately do the following:
